

*Bonanza Mt.*

NC

August 29, 1917.

My dear Dr. Smith:

During the month of June a suggestion was made by Dr. Jermaine to establish for a prominent mountain in the state of Washington the name, "Goode" in lieu of the name, "Bonanza".

This selection was referred to the Forest Service for its consideration, and I am inclosing a letter from Dr. Potter, Acting Forester, in which he gives certain reasons why he thinks no change should be made.

Very truly yours,

Secretary.

Hon. Geo. O. Smith, Director,  
The U. S. Geological Survey,  
Washington, D. C.

Inclosure.
